## Magic Players

Magic Players are working every day to provide people with exciting experience. You can enjoy magic such as illusions and penetrations right in front of you.

## Kyoto Team "Sarara"

A joint circle of over 100 people from 3 campuses, so you can make friends with upperclassmen, underclassmen, other campuses, and other faculties! At festivals, you can create "university youth" that you will never forget in your life!

## Modern Jazz Ballet Club

The Modern Jazz Ballet Club creates dances that incorporate the soft movements of modern ballet and the sharp movements of jazz. We practice while learning from each other, regardless of dance experience.

## R.D.C.

It is the only street dance circle in BKC! One of the attractions is that it is easy to see your own level up because there are regular events! If you are even a little interested, please come visit us!

## The Black Pearl (song-genics)

Ritsumeikan University Acapella Circle  
Song-genics. We work on "acapella" and work every day for national competitions, circle training camps, and school festivals!

## Symphony Orchestra

We are the only orchestra circle at Ritsumeikan University. More than 100 members work hard every day for 4 concerts a year. Why don't you spend a fulfilling university life with important friends at the Ritsukyo, which is celebrating a major milestone?

## Hirushika (Acoustic Guitar Circle)

We have regular activities twice a week and regular concerts once a month. More than 60% of the students are beginners, but they quickly improve and can play their favorite songs!!

## Free Music Circle PEACE

It is a music circle that is active mainly in BKC. The feature is that you can play various songs and instruments because you gather and practice mainly for songs. We are engaged in activities for the purpose of playing and interacting at regular concerts.

## Zakone Miku (Jack & Beans)

Jack & Beans is the largest light music circle in Kansai, which has existed since the establishment of BKC. Bands of various genres such as J-POP, instrumental, and visual kei are active, regardless of whether they are beginners or experienced.

This year's theme is "Sakura", which means "a good start", with the desire to help new students start a bright and gorgeous university life!!
